

dōTERRA® | **LIFELONG VITALITY PROGRAM**

look, feel, and live younger, longer

Made with **CPTG** Certified Pure Therapeutic Grade® Essential Oils

dōTERRA®

LOOK, FEEL, AND LIVE YOUNGER, LONGER

The dōTERRA® Lifelong Vitality Program makes taking the first step on the path toward a lifetime of vitality and wellness convenient and affordable. The three core products of the dōTERRA Lifelong Vitality Program—Alpha CRS+®, xEO Mega® or vEO Mega®, and Microplex MVp™—are formulated to provide you with potent levels of essential nutrients and powerful metabolic factors for optimal health, energy, and longevity.

Our lifelong health and vitality depend on many factors including diet, physical activity, weight management, rest, stress management, exposure to toxins, and inherited genetic predisposition for disease or wellness. While some of these variables are beyond our complete control, breakthrough scientific research is revealing many ways we can influence—and even control—significant factors of aging and wellness. A long life full of vitality and healthy aging begins with providing your cells with essential nutrients and metabolic factors to help them perform optimally.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

PROTECT YOUR CELLS WITH POLYPHENOLS

Free radicals are unstable molecules that can damage and even destroy healthy, functioning cells and speed the aging process by compromising cellular DNA and other critical cell structures, including energy-producing mitochondria. Free radicals are a toxic byproduct of breathing and the metabolism of food. They also come from other sources, such as pollution, smoking, sun exposure, and exposure to radiation. All these free-radical sources can push oxidative stress beyond what the body can safely handle. Cellular free-radical damage is believed to play a major role in aging.

Antioxidants are stable molecules that can neutralize free radicals. Some antioxidants are found in the foods we eat, particularly in fruits and vegetables, and some antioxidants are manufactured by the body. Most medical experts recommend that we increase our consumption of foods rich in antioxidants. Polyphenols are a particularly powerful group of antioxidants that provide protection against free-radical damage to cellular DNA and mitochondria. They have a very high capacity to neutralize free radicals and have been studied for a number of longevity health benefits. Reducing oxidative stress to cellular DNA and other important cell structures supports healthy cell proliferation, function, and lifespan.

**THE dōTERRA® LIFELONG VITALITY PROGRAM
provides a rich and concentrated source
of powerful antioxidants.**

ALPHA CRS+[®]

CELLULAR VITALITY COMPLEX

Alpha CRS+ Cellular Vitality Complex contains potent levels of powerful polyphenols that protect cells from free radicals that can damage cellular DNA, mitochondria, and other critical cell structures.

Proanthocyanidins
from grape seed

Resveratrol from
Polygonum cuspidatum

Baicalin from
scutellaria root

Ellagic acid from
pomegranate fruit extract

Quercetin from
Japanese Pagoda Tree

Curcumin from
Turmeric root

Boswellic acids from
Boswellia serrata

POLYPHENOLS: A class of antioxidant molecules that provide numerous longevity health benefits including powerful antioxidant protection against free-radical damage to cellular DNA, mitochondria, and other critical cell structures.

FREE RADICALS: Unstable molecules that can start a damaging chain reaction of cellular oxidation contributing to unhealthy aging.

DNA: Nucleic acid in cells that contains the genetic instructions for cell proliferation, specialized function, and lifespan. It is through the DNA that the instructions for life are stored and passed to new cells that make up tissues, organs, systems, and organisms. Disruption of normal DNA function can result in sub-optimal health.

REDUCES OXIDATIVE STRESS

Our bodies are made up of millions of cells that rely on complex chemical communication pathways to perform their many specialized and synchronized functions. When cells are under stress, especially oxidative stress, they respond defensively to reduce the stressor. This is an important and normal function of the body's immune system, which helps to protect against threats to cellular health. Free-radical damage to critical cell structures can trigger a defensive response that, if left unchecked, can lead to a chronic state of defensive readiness and can have deleterious long-term health consequences.

Many of the ingredients found in the dōTERRA® Lifelong Vitality Program have been shown to support a healthy oxidative stress response in cells. The program also includes a blend of essential fatty acids and therapeutic-grade essential oils that have been clinically demonstrated to support normal and healthy oxidative stress response in cells.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

INCREASE YOUR ENERGY AT THE CELLULAR LEVEL

All energy for life is produced in tiny cellular structures called mitochondria in which food molecules and oxygen are combined to produce chemical energy in the form of ATP (adenosine triphosphate). As we age, the number of mitochondria per cell and their output efficiency can decline, resulting in decreased vitality and energy. Compromised mitochondria can also release more toxic exhaust in the form of free-radical molecules, which can further damage mitochondria, DNA, and other critical cell structures. Less efficient production of energy in cells can result in a decrease of physical performance and mental energy.

Increasing our dietary consumption of foods rich in antioxidants, particularly polyphenols, can help protect mitochondria and other cell structures from free-radical byproducts of energy production in cells. Additionally, supplementing our diets with nutritional co-factors of energy production in mitochondria can support healthy production of cellular energy.

The dōTERRA® Lifelong Vitality Program includes potent levels of these antioxidant and energy cofactors:

- **Acetyl-L-Carnitine:** Helps shuttle fatty acids into mitochondria for energy production
- **Alpha Lipoic Acid:** Supports the production of ATP and acts as a powerful antioxidant in mitochondria
- **Coenzyme Q10:** Important coenzyme for energy production; supports heart health
- **Quercetin:** Provides powerful polyphenol antioxidant protection in mitochondria and other cell structures
- **Resveratrol:** Polyphenol found in red wine; supports healthy mitochondrial biogenesis
- **Vitamins and Minerals:** Essential cofactors of energy production in cells
- **Essential Fatty Acids:** Required for cell growth; supports healthy cellular function

MITOCHONDRIA: Sometimes described as micro power plants in cells, mitochondria produce the energy chemical adenosine triphosphate (ATP) that powers all cellular activity for life. Cellular mitochondria also play critical roles in other cell functions, including intracellular signaling, cellular differentiation, growth, and apoptosis. Mitochondrial energy functions can decrease with age or increased exposure to oxidative stressors.

xEO MEGA®

ESSENTIAL OIL OMEGA COMPLEX

In addition to the potent Cellular Longevity Blend contained in Alpha CRS+®, the dōTERRA® Lifelong Vitality Program includes your choice of xEO Mega® or vEO Mega®, providing ultra-pure essential fatty acids and other fat soluble nutrients that help support heart and circulatory health, brain health, and optimal immune function among many other systemic benefits.

xEO Mega provides a proprietary blend of marine and land-sourced essential fatty acids. Omega-3 fatty acids help support healthy joints, the cardiovascular system, brain health, and immune function.

xEO Mega includes the powerful antioxidant carotenoid astaxanthin, which helps protect against lipid oxidation in the brain and throughout the circulatory system. xEO Mega is encapsulated in vegetarian softgels.

xEO Mega includes a proprietary blend of dōTERRA CPTG Certified Pure Therapeutic Grade® essential oils that also function as antioxidants, support a healthy oxidative stress response in cells, and provide other powerful health benefits. These oils also function as a natural preservative system, protecting the essential fatty acids in xEO Mega from oxidation and rancidity.

xEO Mega Marine and Plant Omega Blend (1150 mg):

Pure, micro-filtered fish and calamari oil concentrate with echium seed oil providing 300 mg EPA, 300 mg DHA, 50 mg ALA, 20 mg SDA, and 16 mg GLA

xEO/vEO Mega Essential Oil Blend:

Clove, Frankincense, Thyme, Cumin, Wild Orange, Peppermint, Ginger, Caraway, and German Chamomile

CPTG Certified Pure Therapeutic Grade®

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

vEO MEGA® ESSENTIAL OIL OMEGA COMPLEX

In addition to the potent Cellular Longevity Blend contained in Alpha CRS+®, the dōTERRA® Lifelong Vitality Program includes your choice of xEO Mega® or vEO Mega®, providing ultra-pure essential fatty acids and other fat soluble nutrients that help support heart and circulatory health, brain health, and optimal immune function among many other systemic benefits.

Committing to a diet that is completely vegan is a lifestyle that is gaining popularity and is extremely important to many people. Alpha CRS+ and Microplex MVp™ are already vegetarian friendly, but xEO Mega needed a slight modification in order to be labeled vegan.

vEO Mega still provides a unique blend of essential fatty acids that are so important to our diet but delivers them from plant and algae-based sources. A single daily dose of vEO Mega provides 1,200 mg of botanical omegas with 555 mg of ALA from flax seed oil and Incha Inchi oil, 100 mg of DHA from algae, 20 mg of GLA from borage oil, and a varied blend of other plant-sourced essential fatty acids.

vEO Mega still includes 800 IU of natural vitamin D, 60 IU of natural vitamin E, 1 mg of pure astaxanthin, over 5 mg of other carotenoids, and a proprietary blend of CPTG Certified Pure Therapeutic Grade® essential oils—just like xEO Mega.

vEO Mega Land Omega Blend (1380 mg):

Flaxseed oil, Inca Inchi Seed oil, Borage Seed oil, Cranberry Seed oil, Pomegranate Seed oil, Pumpkin Seed oil, Grape Seed oil

xEO/vEO Mega Antioxidant Blend:

Pure astaxanthin from microalgae and natural vitamin E, lutein, zeaxanthin, lycopene, and alpha and beta carotene.

SUPPORT YOUR IMMUNE FUNCTION

A healthy immune system begins with a healthy diet containing optimal levels of antioxidants, vitamins, minerals, and essential fatty acids. Poor nutrition, stress, inadequate rest, and exposure to other environmental stressors can all lead to weakened defenses and other factors that can compromise health.

The dōTERRA® Lifelong Vitality Program is formulated to provide nutritional support for healthy immune function. Alpha CRS+® provides powerful antioxidant and immune support through a potent blend of polyphenols and the carotenoids lutein and lycopene. xEO Mega® and vEO Mega® are formulated with immune supporting essential fatty acids, astaxanthin, and a proprietary blend of essential oils including Clove Bud, Frankincense, and Thyme. Microplex MVP™ is a balanced formula of essential vitamins and chelated minerals that include the immune-supporting nutrients; vitamins A, C, E, and B6; and the mineral zinc.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

MICROPLEX MVp™

MICRONUTRIENT COMPLEX

The doTERRA® Lifelong Vitality Program includes Microplex MVp, a balanced formula of essential vitamins and bioavailable minerals carefully formulated to provide optimal levels of key micronutrients that support energy and immune functions.

Vitamins and minerals are essential cofactors of growth, energy production, and cellular immune function. They are classified as “essential” because they cannot be produced in the body in sufficient quantities to sustain life and healthy functioning of body systems. Essential vitamins and minerals must be obtained from food, yet our modern diets are often deficient in adequate amounts of the variety of vitamins and minerals necessary for optimal health and wellness. There are more and more health concerns with the lack of nutrients in the foods we eat because we are so reliant on processed and convenience foods. There is also a concern now with many of the supplements on the market because of companies trying to pack too much into a pill. Recent studies have shown that mega dosing on vitamins and minerals can be not only ineffective but harmful to the body. The need for a multivitamin to give us just the right amount of nutrients that match a proper diet is needed now more than ever.

Microplex MVp has been carefully formulated to be taken with xEO Mega® in order to provide the amounts of vitamins, minerals, polyphenols, and omega fatty acids that we need to add to a well-balanced diet for optimum health. It will provide no more and no less than what we need every day.

Balanced blend of vitamins:

Includes antioxidant vitamins A, C, and E; an energy complex of B vitamins; and natural vitamin D₃.

Bioavailable blend of essential minerals:

Includes bio-available forms of the bone nutrients calcium, magnesium, zinc, iron, selenium, copper, manganese, and chromium. Also contains a blend of essential trace minerals for cellular metabolism, communication, and regeneration.

A great blend of **polyphenols** such as: grape seed extract, quercetin, pomegranate fruit extract, resveratrol, and more have been added for their great antioxidant power.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

NATURALLY SAFE, PURELY EFFECTIVE, GUARANTEED

The dōTERRA® Lifelong Vitality supplements are formulated with FDA GRAS-listed (Generally Recognized As Safe) ingredients tested for purity in GMP (Good Manufacturing Practices) facilities to ensure safe products with consistent potency and performance per manufacturing lot. dōTERRA guarantees each product will meet or exceed customer satisfaction for quality and performance or they will refund the full purchase amount of the product. dōTERRA Lifelong Vitality supplements represent a unique dietary supplement foundation of powerful ingredients present in potent levels and offered at a compelling price point representing unparalleled value for consumers.

WHAT PEOPLE ARE SAYING ABOUT dōTERRA® LIFELONG VITALITY SUPPLEMENTS†

I experienced a very noticeable boost in my energy and no longer felt that “dark cloud” of gloominess and lethargy hanging over me. It was such a noticeable difference that my husband said to me, “Will you please order a box of that stuff for me next month?”

Karina Sammons

I have noticed a significant increase in my mental focus and energy since starting the dōTERRA Lifelong Vitality supplement program. I also sleep much better. Unlike other supplements I have used that have upset my stomach and left me wondering if they are doing anything for me, I used dōTERRA supplements from day one with no stomach upset and noticeable results. dōTERRA supports my goal of getting better as I age—not the other way around.

Peggy Smith

A few of the things I noticed early in the process: my nails were stronger, my hair softer and shinier, and I felt radiant and well. People make comments to me all the time. I have had the pleasure of sharing this with friends who were so impressed that they had to give it a try.

Renee Banchiere

† Product testimonials are authentic, real-life experiences of actual customers of dōTERRA Lifelong Vitality supplements and may not be typical for all users. Individual experiences may vary.

These statements have not been evaluated by the Food and Drug Administration.
This product is not intended to diagnose, treat, cure, or prevent any disease.

After using dōTERRA Lifelong Vitality supplements for about six weeks, I started noticing a difference. If I miss even one or two days of the supplements, I can tell a difference. They are wonderful!

Marti Christensen

Using the Lifelong Vitality pack has increased my energy and given me the stamina to meet my daily challenges. I feel that it has contributed significantly to improving my immune system. I have maintained healthy cholesterol levels and I have also been pleased to discover that my typical seasonal irritations have decreased dramatically.

Cynthia Crosby

I coupled the dōTERRA Lifelong Vitality supplements with the dōTERRA philosophy of healthy lifestyle choices in an effort to lose weight. After changing my lifestyle and using the products, I've lost 10 pounds. With my increased energy and elevated mood, I find it easy to manage my appetite and keep the weight off.

Peter Bagwell

INGREDIENT HIGHLIGHTS:

ALPHA CRS+® CELLULAR VITALITY COMPLEX

Powerful polyphenol cellular longevity blend:

Baicalin from *scutellaria* root, resveratrol from *Polygonum cuspidatum*, pomegranate fruit extract, proanthocyanidins from grape seeds, curcumin from turmeric root, and silymarin from milk thistle

34180001 **\$92.67 retail**
120 Vegetable Capsules

Potent levels of metabolic factors of cellular energy:

Coenzyme Q10, quercetin, alpha-lipoic acid, and acetyl-L-carnitine

xEO MEGA®/vEO MEGA® ESSENTIAL OIL OMEGA COMPLEX

Antioxidant protection:

Astaxanthin and Natural Vitamin E, lutein, zeaxanthin, lycopene, and alpha and beta carotene

Marine and plant omega blend*:

Concentrated, pure fish, calamari and echium seed oils providing EPA, DHA, ALA, SDA, and GLA fatty acids

CPTG Certified Pure Therapeutic Grade® essential oil blend:

Clove, Frankincense, Thyme, Cumin, Wild Orange, Peppermint, Ginger, and German Chamomile

Land omega blend:

Flaxseed, Borage, Cranberry, and Pomegranate seed oils

*only xEO Mega

xEO MEGA:
34190001 **\$66.00 retail**
120 Vegetable Softgels

vEO MEGA:
34260001 **\$66.00 retail**
120 Liquicaps

MICROPLEX MVp™ FOOD NUTRIENT COMPLEX

Balanced blend of essential vitamins:

Antioxidant vitamins A, C, and E; an energy complex of B vitamins; and natural vitamin D presented in multiple forms for enhanced bioavailable forms

34200001 **\$52.67 retail**
120 Vegetable Capsules

Balanced blend of essential minerals:

Calcium, Iron, Iodine, Magnesium, Zinc, Selenium, Copper, Manganese, Chromium

dōTERRA Tummy Tamer™ botanical blend

Peppermint Leaf, Ginger Root, and Caraway Seed extracts

THE dōTERRA® LIFELONG VITALITY PROGRAM

A comprehensive dietary supplement foundation for a lifetime of vitality and wellness, Alpha CRS+, xEO Mega®/vEO Mega®, and Microplex MVP™ provide potent levels of antioxidants, vitamins, minerals, essential fatty acids, co-factors of cellular energy production, and a proprietary blend of CPTG Certified Pure Therapeutic Grade® essential oils—your first step toward a lifetime of looking, feeling, and living younger, longer.

dōTERRA LIFELONG VITALITY PACK

Alpha CRS+, xEO Mega or vEO Mega, and Microplex MVP are a comprehensive dietary supplement program of essential nutrients and energy factors for lifelong vitality and wellness. Formulated to be taken together in a daily regimen, these three revolutionary products supply a proprietary array of cutting edge ingredients at potent levels many times higher than the same ingredients of other daily supplement programs.

34210001 \$106.00 retail 30-day supply

LIFELONG VITALITY BENEFITS*

- General wellness and vitality
- Antioxidant and DNA protection
- Energy metabolism
- Bone health
- Immune function
- Stress management
- Cardiovascular health
- Healthy hair, skin, and nails
- Eye, brain, nervous system
- Liver function and digestive health
- Lung and respiratory health
- Gentle on stomach
- Non-GMO, gluten-free, dairy-free

CPTG Certified Pure Therapeutic Grade® Quality Control

A key component to the dōTERRA® Lifelong Vitality Program is the inclusion of dōTERRA CPTG Certified Pure Therapeutic Grade essential oils. These essential oils complement the formulations of the Lifelong Vitality products while also contributing their own healthful benefits.

Essential oils are aromatic compounds found naturally in plants. In nature, these compounds help protect the plant. With modern trends moving more toward natural and holistic approaches to self care and wellness, essential oils are proving to be a viable and efficacious addition to any health care program. Essential oils are easily implemented. They can be diffused aromatically, applied topically, and even—as in the case of the Lifelong Vitality products—taken internally to aid in digestion and to support vitality and well being.

Not only is it important to ensure proper use of essential oils, it is also vital that oils not be adulterated or diluted. Many other oils on the market contain fillers or artificial ingredients to either lower the price or increase the volume yielded by the source. All dōTERRA essential oils undergo the CPTG Certified Pure Therapeutic Grade quality control protocol. This protocol consists of a series of tests for any contaminants, such as pesticides or other chemical residues, resulting in an essential oil that is guaranteed to be just as nature intended. The essential oils in xEO Mega® and vEO Mega® are CPTG Certified Pure Therapeutic Grade and have been carefully formulated to provide daily support of longevity and wellness.

FOLLOWING THE dōTERRA® WELLNESS LIFESTYLE AND USING dōTERRA ESSENTIAL OILS AND WELLNESS PRODUCTS WILL HELP YOU LOOK, FEEL, AND LIVE YOUNGER, LONGER.

dōTERRA CPTG Certified Pure Therapeutic Grade® essential oils and other wellness products are specifically formulated to support a wellness philosophy of eating right, exercising, resting and managing stress, and reducing toxic load. dōTERRA also teaches an informed health-care model of self-care alternatives and proactive participation with a medical care provider who will both inform and be open to information.

Our mission as a company is to empower people to live healthier, more productive lives and to share the blessing of lifetime wellness with others. If you are dissatisfied with your current health-care options, we invite you to join our dōTERRA wellness revolution and take control of your personal health and the health of loved ones in your care.

LIFESTYLE
